

## **USE MICROSOFT EDGE TO READ A WEB ARTICLE IN A FONT SIZE THAT YOU PREFER**

1. Open Microsoft Edge.
2. Open the web article that you want to read.
3. Select the book icon  in the address bar to turn on reading view.
4. Your reading material will be brought front-and-center.
5. You can even change the reading view (background) style and font size to suit your mood and your eyes—including to have the selection read to you.
