

USE THE MAPS APP AS A COMPANION WITH YOUR NEWSPAPER

If you are looking for a specific place, e.g. a country, a county, a state, a city, a street, or a street address, on a map, try the Windows Map app.

1. Go to the Start Menu, find and click on the **Maps** application.
2. When the Maps app opens, type the target site into its internal search box.
3. Press enter and you will be taken directly to the site.
4. You can zoom in (+) or zoom out (-) on the subject (or use your mouse wheel) or center the subject on your screen by dragging your mouse pointer.
